J.G. Jones (52, Wanted) and Mark Waid (Irredeemable, Superman: Birthright, Kingdom Come) weave a powerful, literary, fully-painted piece of historical fiction that examines the heroic myth while exploring themes of racism, cultural legacy, and human nature. During the Great Flood of 1927 in Chatterlee, Mississippi, the River is rising as fast as the racial and social tensions in town. But when an otherworldly being falls from the sky and challenges everything these divided people know, it changes things . . . forever. Includes a foreword by renowned film critic Elvis Mitchell. Collects the complete limited series and never-before-seen process art by J.G. Jones. "...a must read for anyone who is a fan of the medium." - Comic Book Resources

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

A comprehensive method for developing technique, contemporary styles and rhythmical concepts. This is the first book that deals with the necessary drum techniques and practices for today's music. With this 93-page book and 90-minute recording comes an eight-page pull-out chart of additional exercises. An outstanding value!

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter. Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.
