USAs historie indtil 1996

Today, war is more complicated than it has ever been. When considering military strategy, a commander must be aware of several theaters of war. There's ground strength, air power, naval combat and even cyber warfare. In the late 19th century, however, the true military might of a nation rested primarily on the strength of its navy. In 1890, United States Navy Captain Alfred Thayer Mahan published a book titled "The Influence of Sea Power Upon History." The monumental text addressed the importance of both military and commercial fleets in the success of a nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not sustain the pressure of a naval blockade. Mahan then applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological advances, were influential in the strengthening of the United States Navy. Presently, Mahan's work is considered the most important work on naval strategy in history.

NATIONAL BOOK CRITICS CIRCLE AWARD WINNER A deep and compassionate novel about a young man who returns to 1940s Cajun country to visit a black youth on death row for a crime he didn't commit. Together they come to understand the heroism of resisting. A majestic, moving novel ... an instant classic, a book that will be read, discussed and taught beyond the rest of our lives" (Chicago Tribune), from the critically acclaimed author of A Gathering of Old Men and The Autobiography of Miss Jane Pittman.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South!and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father!a crusading local lawyer!risks everything to defend a black man unjustly accused of a terrible crime.

Even one hundred and fifty years later, we are haunted by the Civil War!by its division, its bloodshed, and perhaps, above all, by its origins. Today, many believe that the war was fought over slavery. This answer satisfies our contemporary sense of justice, but as Gary Gallagher shows in this brilliant revisionist history, it is an anachronistic judgment. In a searing analysis of the Civil War North as revealed in contemporary letters, diaries, and documents, Gallagher demonstrates that what motivated the North to go to war and persist in an increasingly bloody effort was primarily preservation of the Union. Devotion to the Union bonded nineteenth-century Americans in the North and West against a slaveholding aristocracy in the South and a Europe that seemed destined for oligarchy. Northerners believed they were fighting to save the republic, and with it the world!s best hope for democracy. Once we understand the centrality of union, we can in turn appreciate the force that made northern victory possible: the citizen-soldier. Gallagher reveals how the massive volunteer army of the North fought to confirm American exceptionalism by salvaging the Union. Contemporary concerns have distorted the reality of nineteenth-century Americans, who embraced emancipation primarily to punish secessionists and remove slavery as a future threat to union!goals that emerged in the process of war. As Gallagher recovers why and how the Civil War was fought, we gain a more honest understanding of why and how it was won.

PREP FOR A PERFECT 5 WITH THE BESTSELLING AP U.S. HISTORY BOOK ON THE MARKET! Ace the 2022 AP U.S. History Exam with this Premium version of The Princeton Review's comprehensive study guide.
