Historical
Dictionary of
Kosova presents
the region in a
broader framework,

focusing not only on the many issues that are still worthy of attention, but also on its rich culture and long history. A European country of more than two million people, it is a land of poets and writers, painters and sculptors, scholars and artists.

Its features include finely ornamented Ottoman mosques and old Orthodox churches and monasteries, oriental bazaars, battlefields, and breathtaking landscapes. Kosova is also a country with substantial natural resources and a young and

at the same time,
making it an

Europe. In this
dictionary, readers
can find more than
370 entries that

public figures and

political leaders, as well as individuals who have made notable

scholarship. The entries are

complemented by an introductory

essay, chronology, and extensive

bibliography. A

large portion of the

The Historical
Dictionary of

Albania: New

Edition provides a
comprehensive

overview of

Albanian history as
well as

contemporary

Albania as it enters
the twenty-first

century. The

dictionary focuses

Online Library

Arti

on both the past and
the modern

European nation
struggling to put its
formidable Stalinist
history behind it.

For half a century,
Albania was a
planet of its own,
isolated from the
rest of the Earth.

Since the fall of the
communist regime,
the Albanians have

Online Library

Arti

been striving, not without difficulty, to find their place among the nations of Europe. The majority of the more than 700 entries in this dictionary comprise historical and contemporary public figures and political leaders, as well as individuals,

Online Library

Arti

Albanian and foreign, who have made notable contributions to Albanian studies and culture. The entries cover history and politics, culture and religion, foreign relations, language, economics, and social customs. Additionally, the

Online Library

Arti

Historical Dictionary of Albania includes a further dimension - Albanians living outside the country, whether as part of an earlier diaspora or cut off by artificial and sometimes contested borders. The introduction, chronology, and

Online Library

Arti

dictionary entries provide readers with the background of Albania and its people. Those who want to learn more about specific aspects can consult the helpful bibliography. Because a large portion of the material in this dictionary has

Online Library

Arti

never appeared in English, this book makes the elusive Albanian nation far more accessible.
