"If you like Hank, you'll like Wilder Good, too."—John R. Erickson, author of Hank the Cowdog If you've read the first two books about Wilder Good, you already know he's 12 years old and lives with his parents and little sister, Molly, in a small town in southern Colorado. He's on the threshold between being a kid and beginning to grow up, and he's trying his best to figure out just what it means to join that grownup world. There's a lot to learn, and Wilder is grateful to the adults in his life who guide him. In this third installment of "The Adventures of Wilder Good," Wilder and his "secret" girlfriend, Sunny Parker, set out with Wilder's mentor, Gale Loving, for a day of fly fishing on the Rio Grande. But in the Colorado wilderness an afternoon of fishing and fun can shift suddenly to a life-and-death challenge. When Gale is injured, Wilder and Sunny must take charge. Together, the two learn what it is to aid and protect a friend. With no one to turn to, they have to make their own decisions and rely on their own skills as darkness falls and they prepare to spend the night in the canyon tending to Gale. "I am a big fan of this series. Last fall I included The Elk Hunt in my list of favorite books of 2013, and Texas Grit is every bit as insightful and positive as the first one."—Glenn Dromgoole (a review of Wilder Good 2: Texas Grit) "Dahlstrom writes about ranch life with flair and specific detail."—WORLD magazine (a review of Wilder Good 2: Texas Grit)

I wasn't always in love with Colton Calloway; I was in love with his younger brother, Kyle, first. Kyle was my first one true love, my first in every way. Then, one stormy August night, he died, and the person I was died with him. Colton didn't teach me how to live. He didn't heal the pain. He didn't make it okay. He taught me how to hurt, how to not be okay, and, eventually, how to let go. Neil Hawthorne is in love with her life-long best friend, Kyle Calloway. Things are great, and they're in love, young, full of promise. Then Kyle dies in a tragic accident and Neil is forever changed. She meets Kyle's older brother Colton at the funeral, and there's a spark, but it's wrong and they both know it. The moment passes, and they both move on with life. A couple years later, they meet again in New York City, and Colton realizes that Neil has never really gotten over Kyle's death, and seems to be harboring a deeply rooted pain, something like guilt, perhaps. He knows he shouldn't get involved, but he can't help himself. Trust doesn't come easily for either of them, and they both have demons, Colton especially. Together, they learn the purpose of pain and the meaning of healing, and the importance of forgiveness.
