In high school, everyone's talking about college. What to do. Where to go. Why it's important. Classes are given on it. Books are written about it. But details get left out. Every year, college graduates learn this the hard way as they step into adulthood. I was one of them. After earning a four-year degree, I went through two of the worst years of my life. Not that my situation is unique. I am a part of a generation that was told to go to college first and sort out the details later. Most of us did. We chased the promise of a big shiny future, and we ended up being chased by the mistakes of our past. That's not to say we completely regretted going. This book isn't a list of privileged millennial complaints. It's a collection of wisdom gained in less than pleasant ways. It's a story of hardship, failure, victory, and perseverance. It's all of the things we wish someone had told us. And it takes place before college, in college, after college, and without college. This is the wild, painful, awkward, hilarious, depressing, & beautiful journey from youth to maturity. This is the college book that no one ever gave us.

"In addition to extensive and effective training on every aspect of the SAT, the SAT Black Book gives you detailed, systematic, easy-to-follow walkthroughs for every question in 4 of the College Board's official SAT Practice Tests. Nineteen-year old CeCe Mackenzie leaves Virginia for Nashville with not much more to her name than a guitar, a Walker Hound named Hank Junior and an old car she'd inherited from her grandma called Gertrude. But Gertrude ends up on the side of I-40 in flames, and Nashville has never seemed farther away. Help arrives in the form of two Georgia football players headed for the Nashville dream as well. When Holden Ashford and Thomas Franklin stop to offer CeCe and Hank Junior a ride, fate may just give a nod to serendipity and meant to be.

HOW TO SUCCEED IN HIGH SCHOOL AND PREP FOR COLLEGE is the first book in a 3-book series. This first book contains information specific to high school success and applying to colleges as well as information to help young people with interviewing, creating relationships with potential mentors, and following their passions. Exercises that build on the information are included. Phyllis Zimmler Miller has an M.B.A. from The Wharton School of the University of Pennsylvania and coaches high school students on their college applications using the marketing principles in this book.

From New York Times bestseller, Kendall Ryan, comes a sexy new standalone novel. My tempting and very alpha friend Sterling Quinn is someone I consider off-limits. It's not just that we're friends, he's also cocky, confident, and British, which means he's a walking aphrodisiac. But lately he's been giving me the look. You know the one. When he thinks I'm not paying attention, and his gaze lingers for too long. When we start working together, that's when the sexual tension between us gets so thick, I want to hack through it with a machete. I want to make all these deep feelings I've harbored for him disappear, because there's no way this can end well. The lines between business and pleasure become irrevocably blurred, and I'm stuck between a rock and Sterling's very, very hard place. Rather than keep a level head about our growing attraction, Sterling wants to go all in, showing me just how explosive we can be together. But I've been around long enough to know that this British bad boy is more than my heart can handle. I'm not about to be cast aside like yesterday's underwear when he's done having fun. Sterling's never been told no, and he's not about to put his ego aside and play by my rules. But I never thought he'd fight so dirty.
