y sueños de sus clientes. El plan que ayudó a hacer de Mercedes-Benz una de las organizaciones más efectivas del mundo en el servicio al cliente. El sólo nombre de Mercedes-Benz hace que te imagines lujo, innovación, calidad y desempeño, pero se necesita algo más que un producto de clase mundial para superar a la competencia. Por eso, los ejecutivos de Mercedes-Benz crearon experiencias únicas para sus clientes que estuvieran alineadas con sus autos legendarios. Mercedes-Benz Driven to Delight revela el plan de acción que utilizó esta compañía en Estados Unidos para catapultar a la empresa al primer lugar en los rankings de estudios nacionales de satisfacción al cliente, al tiempo que mantuvo el crecimiento del negocio. Esta es la historia de cómo la organización supo identificar los deseos, necesidades y sueños de sus clientes. En este libro aprenderás cómo:

- Crear una gran visión para generar experiencias excepcionales al cliente.
- Identificar las necesidades cambiantes, requerimientos y deseos de tus clientes.
- Trazar los recorridos de tus clientes clave y los puntos de contacto de alto valor.
- Evaluar la percepción del cliente durante todo el proceso de servicio.
- Resolver sus necesidades con rapidez y mejorar constantemente el proceso de entrega.
- Asociar las recompensas y el reconocimiento con una excelente experiencia del cliente en tu organización.
- Con valiosas lecciones aprendidas directamente de los empleados de Mercedes-Benz, testimonios de fanáticos de la marca e innumerables consejos para crear tu propio mapa del éxito, este libro te muestra cómo afinar tu estrategia de negocios, deleitar a tus clientes e inyectarle combustible a tu equipo en el mediano y el largo plazo.

In January 2000, Mercedes-Benz started to implement the Mercedes-Benz Production System (MPS) throughout its world-wide passenger car plants. This event is exemplary of a trend within the automotive industry: the creation and introduction of company-specific standardised production systems. It gradually emerged with the introduction of the Chrysler Operating System (COS) in the mid-1990s and represents a distinct step in the process towards implementing the universal principles of lean thinking as propagated by the MIT-study. For the academic field of industrial sociology and labour policy, the emergence of this trend seems to mark a new stage in the evolution of the debate about production systems in the automotive industry (Jürgens 2002:2), particularly as it seems to undermine the stand of the critics of the one-best way model (Boyer and Freyssenet 1995). The introduction of company-level standardised production systems marks the starting point of the present study. At the core of it is a case study about the Mercedes Benz Production System (MPS).

SABER & APRENDER #1: una nueva forma de aprender inglés Este ebook es una forma entretenida de practicar inglés como lengua extranjera. Comprende una serie de preguntas de conocimiento general que te dan acceso continuo a ejemplos de inglés auténtico junto con traducciones directas de los mismos en español. Mercedes-Benz este un roman captivant, comic și trist în același timp, conceput sub forma unei lungi scrisori adresate scriitorului ceh Bohumil Hrabal, dar și un omagiu adus acestuia. Din perspectivă autobiografică, Pawel Huelle scrie o carte despre iubire, despre trecut și prezent, în care mașinile – și în special Mercedesul bunicului – au un loc indispensabil formării. Pawel Huelle spune povestea vieții a trei generații de polonezi, începând cu independența de dinainte de războaiele mondiale, trecând prin anii de comunism și ajungând la copilăria ce-l apropie de sfârșitul unui secol plin de momente istorice memorabile.

FRENCH: GENERAL KNOWLEDGE WORKOUT. A new way to learn French. What? This ebook is 100% bilingual. It is in the form of a series of general knowledge quizzes, with each question in French then in English (plus the answers!). If you are

learning French, it's an entertaining way to practice your language skills. Simply 'click' through each question at your own pace, trying to understand as much as you can. Because the text is fully bilingual (French-English), you will always have the help you need to improve and consolidate your knowledge of French grammar and vocabulary. It's like having a personal French tutor at your side as you read! Why? Because people have busy lives, and developing your reading skills in a second language is difficult and time-consuming. Clic-books are about little and often. Whenever you have a few minutes free, practice your French in a relaxed and convenient way, building your knowledge of grammar and vocabulary quickly and effectively using fully bilingual texts. How? Clic-books present you with very short examples of French language, normally one or two sentences at a time. By clicking to the next page you see the same text, in English. As you work through the questions watch how quickly your French reading skills improve! Read more about Clicbooks at: www.clic-books.com or join our mailing list. *** FAQs about Clic-books Are clic-books a language-learning methodology? No. Clic-books are not a 'miracle method' or even a 'method'. They're a just an entertaining way to spend a little spare time reinforcing and adding to your understanding of the language. At what speed should I work through the texts? At whatever speed suits you. Reading slowly and carefully will allow you to try and understand every word and construction; moving faster will help you to read fluently for meaning, even when certain words or constructions are not understood entirely. But I don't understand all the language in the examples. When you read a newspaper or magazine in

English you probably don't understand everything either. Part of the skill of understanding a foreign language is the ability to extract meaning even when your comprehension is not 100%. Are the translations here completely literal? They are as close as we could get while keeping to normal, standard language. So use the translations into Spanish as a guide for comprehension, not as an explanation of grammatical structures. I sometimes find myself focussing on the general knowledge questions, and not paying attention to the language used. Good! A language is a means to communication, so if you can work through these examples of English and forget that they are a way of practicing your English, that's great. Does this series use the same questions as the other language-learning series by Clic-books? Yes, SABER Y APRENDER (the series for Spanish speakers learning English) and GENERAL KNOWLEDGE WORKOUT (the series for English speakers learning Spanish) contain the same questions. Hence, don't buy books from more than one series.
