George Orwell's *Nineteen Eighty-Four* is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

"In the diaries [Rilke] kept from 1898 to 1900, now translated for the first time . . . the overall impression is that of a genius just coming into his own powers."—Boston Phoenix In April 1898 Rainer Maria Rilke, not yet twenty-three, began a diary of his Florence visit. It was to record, in the form of an imaginary dialogue with his mentor and then-lover, Lou Andreas-Salome, his firsthand experiences of early Renaissance art. The project quickly expanded to include not only thoughts on life, history, and artistic genius, but also unguarded moments of revulsion, self-doubt, and manic expectation. The result is an intimate glimpse into the young Rilke, already experimenting brilliantly with language and metaphor. "For the lover of Rilke, this superb translation of the poet's early diaries will be a watershed. Through Edward Snow's and Michael Winkler's brilliantly supple and faithful translation . . . a new and more balanced picture of Rilke will emerge."—Ralph Freedman

The prolonged conflict in Iraq has shown us war's transformative effect. Civilians rivet themselves to events happening halfway around the world, while young soldiers return home from battlefields, coping with the memories of those events. *How We Are Changed by War* examines our sense of ourselves through the medium of diaries and wartime correspondence, beginning with the colonists of the early seventeenth century, and ending with the diaries and letters from Iraqi war vets. The book tracks the effects of war in private writings regardless of the narrator's historical era allowing the writers to 'speak' to each other across time to reveal a profound commonality of cultural experience. Finally, interpreting the narratives by how the writers conveyed the content adds a richer layer of meaning through the lenses of psychology and literary criticism, providing a model for any society to examine itself through the medium of its members' informal writings.

Conflicts in Feminism proposes new strategies for negotiating and practicing conflict in feminism. Noted scholars and writers examine the most critically divisive issues within feminism today with sensitivity to all sides of the debates. By

File Type PDF Diary Of A Conflicted Wither An Unofficial Minecraft Book Crafty Tales Book 45

analyzing how the debates have worked for and against feminism, and by promoting dialogue across a variety of contexts, these provocative essays explore the roots of divisiveness while articulating new models for a productive discourse of difference.

The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of *How To Stop Time* and *The Comfort Book*. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the Midnight Library to decide what is truly fulfilling in life, and what makes it worth living in the first place.

Horney, Karen / Tagebücher.

How Puritanism made modern Britain In order to understand the English Revolution and Civil War, it is essential to get a grasp on the nature of Puritanism. In this classic work of social history, Christopher Hill reveals Puritanism as a living faith, one responding to social as well as religious needs. It was a set of beliefs that answered the hopes and fears of yeomen and gentlemen, as well as merchants and artisans, in a time of tribulation and extraordinary turbulence. Over this period, Puritanism was interwoven into daily life. Here Hill looks at how rituals and practices such as oath-taking, the Sabbath, bawdy courts, and poor relief offered a way to bring order to social upheaval. He even offers an explanation for the emergence of the seemingly paradoxical figure of the age—the Puritan revolutionary.
