What it ' s really like on the frontline of humanitarian aid It's the early 1990s and three young people are looking to change their lives, and perhaps also the world. Attracted to the ambitious global peacekeeping work of the UN, Andrew, Ken and Heidi's paths cross in Cambodia, from where their fates are to become inextricably bound. Over the coming years, their stories interweave through countries such as Rwanda, Bosnia, Somalia and Haiti - war-torn, lawless places where the intervention of the UN is needed like nowhere else. Driven by idealism, the three struggle to do the best they can, caught up in an increasingly tangled web of

Read Book Emergency And Other Desperate Measures True Stories From A

bureaucracy and ineffectual leadership. As disillusionment sets in, they attempt to keep hold of their humanity through black humour, revelry and 'emergency sex'. Brutal and moving in equal measure, *Emergency Sex (And Other Desperate Measures)* explores pressing global issues while never losing a sense of the personal. Deeply critical of the West's indifference to developing countries and the UN's repeated failure to intervene decisively, the book provoked massive controversy on its initial publication. Kofi Annan called for the book to be banned, and debate was sparked about the future direction of the UN. Brilliantly written and mordantly funny, it is a book that continues to make waves.

Published amidst great controversy in hardcover, *Emergency Sex* has literally shaken the foundations of the United Nations and made headlines around the world. Three idealists searching for meaning in the world's toughest war zones; three people thrown together who bond for dear life. In a memoir so powerful and staggeringly well-written that it's impossible to put down, Kenneth Cain, Heidi Postlewait, and Andrew Thomson describe the UN Peacekeeping missions that challenged everything they believed in and changed them irrevocably. As their stories interweave, taking them to wartorn hotspots, the three friends reveal a world that is a cacophony of dodged bullets, witnessed atrocities, primal desires, and exotic pleasures. *Emergency Sex* is lyrical, graphic, and devastatingly honest.

An experienced humanitarian worker who has helped the refugees in Rwanda, Sierra Leone, Darfur and Haiti gives an insider's view of the chaos and danger involved in such a pursuit, as well as the often-wild social lives that some workers lead to deal with the stress. Original.

A riveting, first-person account of the backstabbing and hypocrisy that led to the U.N.'s Oil-for-Food Program becoming the most corrupt enterprise ever overseen by the international community.

A contemporary classic that has sold more than two million copies and was a selection of Oprah's original Book Club, *Midwives* is a compulsively readable novel that explores questions of human responsibility that are as fundamental to our society now as they were when the book was first published twenty years ago. On an icy winter night in an isolated house in rural Vermont, a seasoned midwife named Sibyl Danforth takes desperate measures to save a baby 's life. She performs an emergency cesarean section on a mother she believes has died of stroke. But what if—as Sibyl's assistant later charges—the patient wasn't already dead? The ensuing trial bears the earmarks of a witch hunt, forcing Sibyl to face the antagonism of the law, the hostility of traditional doctors, and the accusations of her own

conscience. Exploring the complex and emotional decisions surrounding childbirth, *Midwives* engages, moves, and transfuses us as only the very best novels ever do.

In this concise introduction to international law, students gain a clear appreciation for how politics shapes the development of international law, and how international law shapes political relations between states. Throughout the book, Rochester takes this complex subject and makes it accessible with his vibrant, easy-to-read prose.

On the tenth anniversary of the date that UN peacekeepers landed in Rwanda, Random House Canada is proud to publish the unforgettable first-hand account of the genocide by the man who led the UN mission. Digging deep into shattering memories, General Dallaire has written a powerful story of betrayal, naïveté, racism and international politics. His message is simple and undeniable: “ Never again. ” When Lt-Gen. Roméo Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993, he thought he was heading off on a modest and straightforward peacekeeping mission. Thirteen months later he flew home from Africa, broken, disillusioned and suicidal, having witnessed the slaughter of 800,000 Rwandans in only a hundred days. In *Shake Hands with the Devil*, he takes the reader with him on a return voyage into the hell of Rwanda, vividly recreating the events the international community turned its back on. This book is an unsparing eyewitness account of the failure by humanity to stop the genocide, despite timely warnings. Woven through the story of this disastrous mission is Dallaire ’ s own journey from confident Cold Warrior, to devastated UN commander, to retired general engaged in a painful struggle to find a measure of peace, reconciliation and hope. This book is General

Read Book Emergency And Other Desperate Measures True Stories From A

Dallaire's personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he'd relied on. It might not sit easily with standard ideas of military leadership, but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to negotiate when we ask them to step into the world's dirty wars. Excerpt from Shake Hands with the Devil My story is not a strictly military account nor a clinical, academic study of the breakdown of Rwanda. It is not a simplistic indictment of the many failures of the UN as a force for peace in the world. It is not a story of heroes and villains, although such a work could easily be written. This book is a cri de coeur for the slaughtered thousands, a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power. . . . This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace. Instead, we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect.

Once upon a time, I was a princess in a tower. One night, and my entire life went up in flames. All because of him. Jafar. As my world burned down around me, he offered me a choice. Walk away with nothing but my freedom... Or rise to his challenge and win my fortune back. I bargained. I lost. Now Jafar owns me, body and soul. Even as my mind rails against his rules, my body loves the punishments he deals out when I break them. But a gilded cage is still a prison, I'll do anything to obtain my freedom. Even betray the man I'm falling for. In DESPERATE MEASURES, you'll find: -> Enemies to lovers -> Captive Heroine -> Kinky Roleplay ->
