Focus on Health offers an exciting and practical approach to the teaching of the traditional content areas of personal health. Its two key themes - the six dimensions of health and the five developmental tasks - help students apply the text's content to their own lives, by improving

Download File

PDF Focus On

Health 14th Edition Online
their decision-making skills. The strength of the Focus on Health narrative includes its appeal to both traditional and non-traditional students, particularly the special attention it pays to students over age 25 who have returned to college. In addition, among its many health assessment activities,

Download File
