Describes ways that the families of police officers can deal with the challenges that arise due to the stress of a police officer's career.

Will police work change the person you love? Are police marriages destined to fail? What are the chances of your loved one being killed in the line of duty? Separating fact from myth, Dr. Ellen Kirschman answers these and other critical questions in the first comprehensive self-help book created specifically for today's police families. In information-filled chapters, readers will go behind the scenes with other police families as they discuss the benefits and pitfalls of police work; learn how to manage the effects of organizational stress and the pressures of unpredictable schedules, long hours and loneliness; gain awareness of the emotional, physical, and behavioral warning signs which can lead to such extreme situations as posttraumatic stress, alcoholism, suicide and domestic violence; find out where families can go for help and counseling; and get an inside look at cop couples and the special challenges facing women, minorities, and gays and lesbians on the force.

Grounded in clinical research, extensive experience, and deep familiarity with police culture, this book offers highly practical guidance for psychotherapists and counselors. The authors vividly depict the pressures and challenges of police work and explain the impact that line-of-duty issues can have on officers and their loved ones. Numerous concrete examples and tips show how to build rapport with cops, use a range of effective intervention strategies, and avoid common missteps and misconceptions. Approaches to working with frequently encountered clinical problems--such as substance abuse, depression, trauma, and marital conflict--are discussed in detail. A new preface in the paperback and e-book editions highlights the book's relevance in the context of current events and concerns about police-community relations. See also Kirschman's related self-help guide I Love a Cop, Third Edition: What Police Families Need to Know, an ideal recommendation for clients and their family members.

This book is designed to help law enforcement professionals overcome the internal assaults they experience both personally and organizationally over the course of their careers. These assaults can transform idealistic and committed officers into angry, cynical individuals, leading to significant problems in both their personal and professional lives.

Policing is a consuming profession with incredibly high elements of stress. Research suggests that police divorce rates are more than double the national average of ordinary marriages. The spouse's fear of physical danger, adjusting to shift work, transfers and changes in the officers' personality are only a few of the contributing factors, but the most crucial problem is the breakdown of communication within the relationship. From the beginning of the officers' careers they are trained to control their emotions, and thus are accused of being cold-hearted. Spouses agree that law enforcement officers grapple with the real-life horrors on the job and that the bitter belief that 'cops don't cry' is sadly untrue.

This book is designed to provide spiritual fortification for officers who are faced with a barrage of experiences in the course of their careers which challenge their most deeply held personal beliefs. It comes with exercises, tools, and insights to restore inner peace and clarity.

An exquisitely told tragic tale of thwarted love, My Policeman is soon to be adapted into film by Amazon Prime starring Harry Styles and Emma Corrin. It is in 1950s' Brighton that Marion first catches sight of Tom. He teaches her to swim in the shadow of the pier and Marion is smitten - determined her love will be enough for them both. A few years later in Brighton Museum Patrick meets Tom. Patrick is besotted with Tom and opens his eyes to a glamorous, sophisticated new world. Tom is their policeman, and in this age it is safer for him to marry Marion. The two lovers must share him, until one of them breaks and three lives are destroyed. 'A moving story of longing and frustration' Observer
