Johannes Brahms was born in Hamburg, Germany, on May 7, 1833, the son of Johann Jakob and Christina Nissen Brahms. His father, an innkeeper and a musician of moderate ability, taught him to play violin and piano. When Brahms was six years old he created his own method of writing music in order to get the melodies he created on paper.

An illuminating new biography of one of the most beloved of all composers, published on the hundredth anniversary of his death, brilliantly written by a finalist for the 1996 National Book Critics Circle Award. Johannes Brahms has consistently eluded his biographers. Throughout his life, he attempted to erase traces of himself, wanting his music to be his sole legacy. Now, in this masterful book, Jan Swafford, critically acclaimed as both biographer and composer, takes a fresh look at Brahms, giving us for the first time a fully realized portrait of the man who created the magnificent music. Brahms was a man with many friends and no intimates, who experienced triumphs few artists achieve in their lifetime. Yet he lived with a relentless loneliness and a growing fatalism about the future of music and the world. The Brahms that emerges from these pages is not the bearded eminence of previous biographies but rather a fascinating assemblage of contradictions. Brought up in poverty, he was forced to play the piano in the brothels of Hamburg, where he met with both mental and physical abuse. At the same time, he was the golden boy of his teachers, who found themselves in awe of a stupendous talent: a miraculous young composer and pianist, poised between the emotionalism of the Romantics and the rigors of the composers he worshipped--Bach, Mozart, Beethoven. In 1853, Robert Schumann proclaimed the twenty-year-old Brahms the savior of German music. Brahms spent the rest of his days trying to live up to that prophecy, ever fearful of proving unworthy of his musical inheritance. We find here more of Brahms's words, his daily life and joys and sorrows, than in any other biography. With novelistic grace, Swafford shows us a warm-blooded but guarded genius who hid behind jokes and prickliness, rudeness and

intractability with his friends as well as his enemies, but who was also a witty drinking companion and a consummate careerist skillfully courting the powerful. This is a book rich in secondary characters as well, including Robert Schumann, declining into madness as he hailed the advent of a new genius; Clara Schumann, the towering pianist, tormented personality, and great love of Brahms's life; Josef Joachim, the brilliant, self-lacerating violinist; the extraordinary musical amateur Elisabet von Herzogenberg, on whose exacting criticism Brahms relied; Brahms's rival and shadow, the malevolent genius Richard Wagner; and Eduard Hanslick, enemy of Wagner and apostle of Brahms, at once the most powerful and most wrongheaded music critic of his time. Among the characters in the book are two great cities: the stolid North German harbor town of Hamburg where Johannes grew up, which later spurned him; and glittering, fickle, music-mad Vienna, where Brahms the self-proclaimed vagabond finally settled, to find his sweetest triumphs and his most bitter failures. Unique to this book is the way in which musical scholarship and biography are combined: in a style refreshingly free of pretentiousness, Jan Swafford takes us deep into the music--from the grandeur of the First Symphony and the intricacies of the chamber work to the sorrow of the German Requiem--allowing us to hear these familiar works in new and often surprising ways. This is a clear-eyed study of a remarkable man and a vivid portrait of an era in transition. Ultimately, Johannes Brahms is the story of a great, backward-looking artist who inspired musical revolutionaries of the following generations, yet who was no less a prophet of the darkness and violence of our century. A biographical masterpiece at once wholly original and definitive.

This book is a comprehensive collection of the letters of Johannes Brahms. Over 550 are included, virtually all uncut, and there are over a dozen published here for the first time in any language. The letters in this volume range from 1848 to just before his death. They include most of Brahms's letters to Robert Schumann, over a hundred letters to Clara Schumann, and the complete Brahms-Wagner correspondence. They are joined by a running commentary to form an absorbing narrative, documented with scholarly care, provided with comprehensive notes, but written for the general music lover. The work is generously illustrated, and contains several detailed appendices and an index. --From publisher's description.

Jan Swafford's biographies of Charles Ives and Johannes Brahms have established him as a revered music historian, capable of bringing his subjects vibrantly to life. His magnificent new biography of Ludwig van Beethoven peels away layers of legend to get to the living, breathing human being who composed some of the world's most iconic music. Swafford mines sources never before used in English-language biographies to reanimate the revolutionary ferment of Enlightenment-era Bonn, where Beethoven grew up and imbibed the ideas that would shape all of his future work. Swafford then tracks his subject to Vienna, capital of European music, where Beethoven built his career in the face of critical incomprehension, crippling ill health, romantic rejection, and "fate's hammer," his ever-encroaching deafness. Throughout, Swafford offers insightful readings of Beethoven's key works. More than a decade in the making, this will be the standard Beethoven biography for years to come.

From the acclaimed composer and biographer Jan Swafford comes the definitive biography of one of the most lauded musical geniuses in history, Wolfgang Amadeus Mozart. At the earliest ages it was apparent that Wolfgang Mozart's singular imagination was at work in every direction. He hated to be bored and hated to be idle, and through his life he responded to these threats with a repertoire of antidotes mental and physical. Whether in his rabidly obscene mode or not, Mozart was always hilarious. He went at every piece of his life, and perhaps most notably his social life, with tremendous gusto. His circle of friends and patrons was wide, encompassing anyone who appealed to his boundless appetites for music and all things pleasurable and fun. Mozart was known to be an inexplicable force of nature who could rise from a luminous improvisation at the keyboard to a leap over the furniture. He was forever drumming on things, tapping his feet, jabbering away, but who could grasp your hand and look at you with a profound, searching, and melancholy look in his blue eyes. Even in company there was often an air about Mozart of being not quite there. It was as if he lived onstage and off simultaneously, a character in life's tragicomedy but also outside of it watching, studying, gathering material for the fabric of his art. Like Jan Swafford's biographies Beethoven and Johannes Brahms, Mozart is the complete exhumation of a genius in his life and ours: a man who would enrich the world with his talent for centuries to come and who would immeasurably shape classical music. As Swafford reveals, it's nearly impossible to understand classical music's origins and indeed its evolutions, as well as the Baroque period, without studying the man himself.

The relationship between the composer Johannes Brahms and the poet Klaus Groth was a very special one, and one that deserves greater recognition. Peter Russell has made careful selections from the 89 letters between the two that illuminate the personalities, lives and works of both men. Alongside the letters, Russell provides a substantial commentary that includes analyses of Brahms's music and critical assessment of Groth's poems.
