First published in 1964, this latest 11th edition has been comprehensively revised to reflect changes in the industry, including the new hygiene standards introduced in January 2006 and up-to-date information on the new licensing laws. The content continues to be divided into six parts covering, in turn: the hospitality industry as a whole, including current influences and trends; food commodities, nutrition and science; planning, production and service; organisation and business development; and legislation. The companion CD-ROM, a new feature for this edition, includes a Knowledge Quiz facility that
