Called the god of judo', he was so famous that '10th-Dan' replaced his name! Legend has it that in his sixty years of practice he never lost a match and was never thrown. Maybe you've had a moment when God did something radical in your heart. Putting your faith and trust in Him certainly feels like taking a giant leap, but really it's just the beginning of the exciting, and—yes—radical journey that comes with agreeing to live as God calls you to. What does being radical look like? In the Bible, the common characteristics of "radicals" are: They trusted God. They listened to God's voice and then obeyed—even when it cost them. Because of their faith, they lived lives that looked different from everyone else's. That's a short list and a tall order, but basically it means you can be a radical, too. There's nothing on that list that is impossible for you. There's nothing on that list that requires you to be older, or more financially stable, or to have a college degree. No matter who you are or where you live, you can live a radical faith. Meet Erin, who has learned practical ways to do just that. She'll help you be radical, too. My Name is Erin: One Girl's Plan for Radical Faith is one in a series of four books, which can be read in any order. The other titles are: My Name is Erin: One Girl's Journey to Discover Truth My name is Erin: One Girl's Journey to Discover Who She Is My Name is Erin: One Girl's Mission to Make a Difference

While most books on the subject present material only on sensors and actuators, hardware and simulation, or modeling and control, Mechatronics: An Integrated Approach presents all of these topics in a single, unified volume from which users with a variety of engineering backgrounds can benefit. Successful business entrepreneur Allie Casazza shares her powerful and proven method for clearing the clutter in our minds by first clearing the clutter in our homes, the place where transformation begins. When Allie Casazza first became a mom, she found herself struggling to make it through each day. She battled fatigue, depression, and the unsettling feeling that she didn't have what it took to do "this mom thing"

well. When she realized the root of her burden was the overwhelm of physical clutter, she got intentional about what took up her space and time. The path she carved brought her and her family greater contentment and more abundant living, and she shares it in her much-anticipated first book, *Declutter Like a Mother*. In her winsome, relatable style, Casazza has built a massive following--and a multimillion-dollar online business--based on her proven, family-oriented approach to living more simply. Her mission is to empower other moms to start making real, lasting change. Combining humor and a lighthearted kick-in-the-pants, *Declutter Like a Mother* will motivate readers to start taking action. Once referred to as an "in-your-face Marie Kondo for millennial moms," Casazza's advice is actionable, at times irreverent, and already proven to be life-changing.

Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller's life and times. Here are previously unpublished stories - wacky as they are enlightening - along with favorites from *Walking Through Clear Water in a Pool Painted Black* and other publications. Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights*, *Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.
