A new adaptation of this exciting time travel thriller, set in Shakespeare's England

A gripping novel set during Mussolini ' s 1935 invasion of Ethiopia, *The Shadow King* takes us back to the first real conflict of World War II, casting light on the women soldiers who were left out of the historical record. With the threat of Mussolini ' s army looming, recently orphaned Hirut struggles to adapt to her new life as a maid in Kidane and his wife Aster ' s household. Kidane, an officer in Emperor Haile Selassie ' s army, rushes to mobilize his strongest men before the Italians invade. His initial kindness to Hirut shifts into a flinty cruelty when she resists his advances, and Hirut finds herself tumbling into a new world of thefts and violations, of betrayals and overwhelming rage. Meanwhile, Mussolini ' s technologically advanced army prepares for an easy victory. Hundreds of thousands of Italians—Jewish photographer Ettore among them—march on Ethiopia seeking adventure. As the war begins in earnest, Hirut, Aster, and the other women long to do more than care for the wounded and bury the dead. When Emperor Haile Selassie goes into exile and Ethiopia quickly loses hope, it is Hirut who offers a plan to maintain morale. She helps disguise a gentle peasant as the emperor and soon becomes his guard, inspiring other women to take up arms against the Italians. But how could she have predicted her own personal war as a prisoner of one of Italy ' s most vicious officers, who will force her to pose before Ettore ' s camera? What follows is a gorgeously crafted and unputdownable exploration of female power, with Hirut as the fierce, original, and brilliant voice at its heart. In incandescent, lyrical prose, Maaza Mengiste breathes life into complicated characters on both sides of the battle line, shaping a heartrending, indelible exploration of what it means to be a woman at war.

Some call him a madman. Others call him a warlock. Both are true. But if it wasn't for Aon, I'd be dead. I was mere seconds away from dying by Edu's hands when the King of Shadows appeared in a flash of lightning, saving me from Edu's murderous plans. Now I'm under his protection, living in his home. The more time I'm forced to spend with him, the more I start to piece together the puzzle of why Aon and Edu are at war. Despite how everyone else seems to hate Aon, there's something that pulls me towards him-like gravity, refusing to let go. My heart is telling me to believe what he says is true, yet there's this prickle of warning in the back of my skull cautioning me against falling for the King of Shadows. In the world of *Under* trusting the wrong person can get you killed. Only the strong survive out here, and that's what I intend to do. Survive.
