Comments. In this lesson we learned how to create a solution with a certain molarity

as well as how to relate mass, moles and

volume. We learned that you need some information in order to solve a

characteristic of a solution. For example,

you can calculate the amount of solid in

grams needed to create a solution of a

particular molarity by using the molar

mass of the solid.

How it works. Each Holy Moly lesson is divided into four equally important parts: Discover □ Introduce kids to the Bible story characters and begin to discover the story by watching an animated Bible story video; Relate □ Discuss what surprised them, what makes them wonder, and how they feel about the story they just saw; Connect □ Open Bibles and explore the day's story
