Introduction. As a fair warning from the beginning, I did not read the full version of Plutarch's Lives of the Noble Greeks. In fact, the full version is actually the Lives of the Noble Greeks and Romans (or called Parallel Lives or Plutarch's Lives) and is about 23 Greeks and 23 Romans.. The version I read is a selectively edited copy that was edited and released by Edmund Fuller in 1959.

Alternative Title: “Bioi parallēloi”. Parallel Lives, also called Lives, influential collection of biographies of famous Greek and Roman soldiers, legislators, orators, and statesmen written as Bioi parallēloi by the Greek writer Plutarch near the end of his life. By comparing a famous Roman with a famous Greek, Plutarch intended to provide model patterns of behaviour and to encourage mutual respect between Greeks and Romans.

Plutarch's Lives, written at the beginning of the second century A.D., is a brilliant social history of the ancient world by one of the greatest biographers and moralists of all time. In what is by far his most famous and influential work, Plutarch reveals the character and personality of his subjects and how they led ultimately to tragedy or victory. Richly anecdotal and full of detail, Volume I contains profiles and comparisons of Romulus and Theseus, Numa and Lycurgus, Fabius and Pericles, and many more powerful figures of ancient Greece and Rome. The present translation, originally published in 1683 in conjunction with a life of Plutarch by John Dryden, was

revised in 1864 by the poet and scholar Arthur Hugh Clough, whose notes and preface are also included in this edition. From the Trade Paperback edition.

Plutarch's Parallel Lives, written at the beginning of the second century A.D., form a brilliant social history of the ancient world. They were originally presented in a series of books that gave an account of one Greek and one Roman life, followed by a comparison of the two: Theseus and Romulus, Alcibiades and Coriolanus, Demosthenes and Cicero, Demetrius and Antony. Plutarch was interested in the personalities of his subjects and on the way their characters molded their actions, leading them to tragedy or victory. He

was a moralist of the highest order. 'It was for the sake of others that I first commenced writing biographies' he says, 'but I find myself proceeding and attaching myself to it for my own; the virtues of these great men serving me as a sort of looking-glass, in which I may see how to adjust and adorn my own life' Plutarch was a man of immense erudition who had traveled widely throughout the Roman Empire, and the Lives are richly anecdotal and full of detail. They were the principal source of Shakespeare's Roman plays.
