Belle Abbot is pathologically shy and because of this, she’s living a nightmare due to the fact that she’s also a national treasure hounded by the media. James Bennett is known the world over as the perfect catch, handsome, wealthy and the owner of an intimidating castle on a Cornish Cliff, Chy An Als Point. Belle and James meet and in one night, they fall in love. The problem is, Belle’s dating James’s brother. As quickly as they fall together, Belle and James are torn apart. Not long after, circumstances throw them back into each other’s lives and they find they were right that first romantic night, they were meant to be. Even if their families want them together, James’s brother Miles does not. Dogged by a rabid media who are fascinated by their love triangle, as well as Belle’s hidden demons, James and Belle find they have yet another problem to solve. The Point is haunted by the ghosts of two children murdered in the castle. Their murderer will stop at nothing to keep their souls tethered to The Point instead of letting them live eternity with their mother and father. Belle is determined to find her courage and help them and she enlists her loopy mother, loopier grandmother, James’s even loopier ex-girlfriend and the dubious (but talented) team of rock ‘n’ roll witch Cassandra McNabb and Scottish ghost hunter extraordinaire Angus McPherson to help the children find their way back home.

In Isabella Austin Evangelista’s life miracles never happen... she knows she’s destined to be the princess who’s stuck in the middle of a fairytale where there will be no happily ever after. Once upon a time, Prentice Cameron loved Isabella Austin until he discovered she was a spoiled, rich girl who spent her summers toying with his heart. Life led Prentice to his own fairytale, the love of the full-of-life Fiona Sawyer. That being so, that fairytale was torn away when Fiona died of a brain tumor leaving Prentice with a house to keep clean, piles of laundry to be done, a business to run and two children who were getting tired of takeaway. But Isabella comes back to Prentice’s tiny fishing town and she sweeps into his children’s lives like a beautiful, well-dressed fairy godmother who bakes exquisite chocolate cakes and gives the perfect manicure to six year old girls. Then Prentice finds out Isabella’s soul destroying secrets, secrets that explain why she left him so many years ago. Fiona, stuck in her village and forced to haunt her family and watch Prentice and Isabella’s crazy dance, finds the impossible happening. She’s cheering for Bella and Prentice to rekindle their love. Then she finds out why she’s caught in her heartbreaking haunting and discovers she must embrace her magic and keep Bella safe or Bella’s fairytale will never come true.

Douglas Ashton is the cold and unfeeling owner of the gothic Victorian Mansion, Sommersgate House. Julia Fairfax is his stubborn American sister-in-law. After tragedy strikes, Douglas and Julia are forced to live together at Sommersgate and raise their newly orphaned nieces and nephew. Douglas has no desire to raise his dead sister’s children nor does he want the distraction of the tempting Julia living under his roof. Julia is struggling with grief and trying to make a go in a new country without much help from impossibly handsome but even more impossibly remote Douglas. Not to mention, she has to deal with the active hostility of Douglas’s frosty, Attila-the-Hun-in-a-skirt mother, Monique. Douglas decides the best way to give the children what they need, get his mother to behave and give himself what he wants is to marry Julia. When he tells her (yes, tells her) she will be his wife, Julia thinks Douglas is (probably) insane. And anyway, she’s decided if she ever has another husband (since the last one wasn’t so great), he was going to be short, balding, have a paunch and worship the ground she walks on (none of these characteristics define Douglas in the slightest). One more thing, Sommersgate House is haunted by the ghosts of the man who built the house and the woman who was the love of his life. They both died mysteriously at Sommersgate months after it was finished. When they did, a curse settled on the house making it seem strangely alive. And the only way for the beautiful but frightening house to rid itself of this curse is for its owner to find true love.

In 1522, the very night they were wed, Royce Morgan and his new bride, Beatrice Godwin, were murdered on their way home to Lacybourne Manor. After the cruel deed was done, a local witch came across their bodies, witnessing firsthand the tragedy of star-crossed lovers. Vowing that Royce and Beatrice would someday uncross those stars, using magic mixed with murder as well as true love, she linked their spirits together with hers (because someone had to protect them) forever... or until their reincarnated souls find happily ever after. Now arrogant, forbidding Colin Morgan lives at Lacybourne, knowing, from lore (as well as the portraits of Royce and Beatrice that hang in Lacybourne’s hall and the small fact that he looks exactly like Royce Morgan), that he is the reincarnated soul of his ancestor. One stormy night, flighty, free-spirited, scarily kind-hearted Sibyl Godwin comes to Lacybourne and it doesn’t escape Colin’s notice that Sibyl is the spitting image of Beatrice. However murder, magic, a warrior’s heart beating in a modern man’s chest, a woman bent on doing good deeds even if they get her into loads of trouble, a good witch whose family has vowed throughout the centuries to protect true love, distrust and revenge make a volatile cocktail. This means the path to happily ever after is paved with tranquiliser darts, pensioners on a rampage, Sibyl’s bad morning moods, heartbreaking misunderstandings and all kinds of magic, good... and bad.

Cash Fraser is planning revenge and to get it he needs the perfect woman. So he hires her. Abigail Butler has lost nearly everything in her life and she’s about to lose the home she loves. Cash meets Abby, who is posing as a paid escort, and the minute he does he knows he’s willing to pay for more than Abby being his pretend girlfriend. A lot more. Abby needs the money or the last thing that links her to her dead family and husband will be gone. The deal is struck but both Cash and Abby get more than they bargained for. Cash realises very quickly that Abby isn’t what she seems and while he changes strategies, Abby discovers that Cash’s legacy, Penmort Castle, is like all the tales say - very, very haunted. Making matters worse, the ghost in residence wants her dead. Abby’s found herself in the battle of her life so she enlists Mrs. Truman, her nosy neighbour; Jenny, her no-nonsense friend; Cassandra McNabb, white witch and clairvoyant with a penchant for wearing scarves (and lots of them); and Angus McPherson, dyed-in-the-wool Scot (which means he hunts ghosts in a kilt) to fight the vicious ghost who has vowed that she will rest at nothing to kill the true, abiding love of the master of Penmort.

When Lily Jacobs was born, she inherited Fazire - a genie. Her family had three wishes and they’d only ever used one so Fazire was stuck in the human world. This worked since he’d become a member of the family anyway. Even with a genie, Lily’s young life wasn’t perfect. To escape the kids making her miserable at school, Lily buried herself in romance novels. One day, when the teasing was just too much, she used one of her wishes. She told Fazire she wanted to find a man like in her books and she made the most complicated wish Fazire had ever heard. Her wished-for man had to be impossibly handsome, virile, fierce, rugged and ruthless (amongst a dozen other things). He also had to think she was beautiful and he had to love her more than anything in the world. Nathaniel McAllister wasn’t born to a life where there were such things as genies granting wishes. His life was filled with drugs, crime and neglect. He was running errands for a gangster before he was in his teens and, even though life and hard work led him to wealth and respectability, he always knew, deep down, he was dirty. When Nate met Lily he knew he was no good for her but as virile, fierce, rugged and ruthless as he was, Nate was no match for the pull of sweet, innocent Lily. Unfortunately, Lily’s wish included that she and her hero go through trials and tribulations to test their love. And Fazire wasn’t only a good genie, he loved Lily - so he gave her exactly what she wanted.

After a painful childhood and adolescence that shaped the person I would become, I did not take the path most people take when they get right out of high school. Instead of going to college or getting a nine-to-five job, I decided to turn to the nightlife and become an exotic dancer. This choice gave me financial freedom but paved the way for many mistakes and tumultuous relationships. When I met Vinny, I thought I knew everything there was to know about life. He was perfect. The man of my dre

With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . “A thoughtful, magisterial alternate history from one of science fiction’s most important writers.”—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe’s population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. “Exceptional and engrossing.”—New York Post “Ambitious . . . ingenious.”—Newsday

On Hallowe'en night, Mathilda Honeycutt finds out she’s a SuperWitch. Not the modern, hippy kind... the real, wand-wielding, pixie dust kind. After a life devoted to retail and coffee drinks, Mathilda is thrown into the secret world of witches, warlocks, werewolves, vampires, faeries, headless horsemen, you name it, it exists... even whirling dervishes! As Mathilda discovers her magic, she also discovers she’s prophesied to save the world. Problem is, she’d rather spend her time on online auctions, bidding on cut-rate but fabulous designer shoes. Now, she’s got to save the world, run her coffee house, battle against her friend and co-worker in “The War of the Wooden Spoons” and figure out what’s going on with the silent, watchful (but yummy) Sebastian Wilding, a member of a centuries old Secret Society who has vowed to keep her safe and brainy, sweet (and hot) Dr. Aidan Seymour, a maverick member of The Royal Institute of Psychological Research. Making matters worse, her nemesis is a powerful witch who doesn’t mind fighting dirty. Will Mathilda be able to save the world while still being perfectly accessorized? And how is she going to pick between Luscious Sebastian and Dreamy Aidan? And will she be able to talk The Witches Council into updating their uniform? And, lastly, will she ever get the hang of riding around on a broom?
