For the most part, that's always been the case with education: expecting all children in the same grade to master the same work at the same level and pace. But since the inception of No Child Left Behind - and now with Race to the Top and the implementation of the Common Core Standards ("common" being the operative word) - it's only gotten worse.

~~All Children Are Not the Same: Common Core Standards Fail ...~~

The collection of writings on adults with no kids is just one of many topical collections that I am maintaining at the "All things single (and more)" blog on my website.

~~No Kids, No Life? Or, Really Great Life? | Psychology Today~~

Okay, this is actually really icky because I wish women who had kids all had partners who were willing to be at least 50/50 – so this would apply to both genders equally at least. Regardless, there is a cache in people knowing you're never going to have to duck out of an all hands on deck scenario because your kid has pinkeye. 11.

Even though the number of women without kids is at an all-time high – according to 2014 census numbers, nearly half of all women between the ages of 18 and 44 don't have kids, and among women in ...

~~5 Scientifically Proven Reasons Not Having Kids Is A Great ...~~

Why Kids Say "No" The biggest reason why preschoolers say "no" is because they can. This is especially true for children who are 3 and younger. Being able to say "no" to something puts a great deal of power in their hands. Quite often, their refusal is less about not wanting to do something, but more about exercising control over a situation ...
