~~English For Life | Learning Resources | Oxford University ...~~

"English for Life is designed for learners and teachers who want a simple and direct approach to learning English. Such learners include those who have little time available, those who prefer learning in a clear, straightforward way, or those who aren't really interested in English itself but need it for a specific reason, such as work or study." The design and structure of the book reflects those aims very clearly: one page, one lesson, one focus.
