Saleable.

Married at nineteen, she was a war widow at twenty. Now 85 years old, Meara Sullivan is determined to reconnect with her husband who died during World War II on D-Day. They knew each other as husband and wife for only five days when Private 1st Class Paul Hughes shipped off for Europe, never to return. CLOSURE, the anchor story of this 7-story anthology, recounts Meara's unlikely trail of discovery. Told in a series of flashbacks, CLOSURE captures life on the home front for Meara and Paul in 1940s Boston and offers a gripping account of the young soldier's part in the greatest amphibious invasion in military history. Dan Celeste is both narrator and participant in each of the anthology's seven tales. His personal story interlaces historical events, intriguing characters, and coming-of-age lessons. CLOSURE and Other Stories spans seven decades, beginning in 1943 and ending in 2011 when Meara completes her quest for renewal.

This text shows how to use Japanese tools effectively and maintain them properly, and explains the role they play in traditional Japanese craftsmanship. It describes how to create razor-sharp cutting edges and introduces almost 50 different planes.

This essential collection of best-ever purees by British TV personality and children's nutrition expert Annabel Karmel features 100 quick and easy recipes that will make for a healthy and happy baby—all the recipes are suitable for babies aged six months and above, and are so tasty you will want to eat them yourself! Babies grow more rapidly in their first year than at any other time in their lives, so how you feed your newborn will be one of the most important decisions you make for your new baby. Making your own baby food is not only more economical than buying commercial brands, it also assures that your child consumes only the freshest, top-quality ingredients. British television personality and children's nutrition expert Annabel Karmel's essential collection of best-ever purees grants new parents their wish: one hundred quick and easy recipes that will make for a healthy and happy baby. From first tastes and weaning, right through to meals for older babies, all the recipes are suitable for children aged six months and older. And with all these fruit and vegetable favorites, and innovative fish, meat, and chicken purees, the dishes are so tasty you will want to eat them yourself! In addition to easy and delicious recipes, Top 100 Baby Purees also includes information on: -Weaning your baby and transitioning to solid foods -Food allergies -Time-saving food preparation tips -Freezing and reheating your

homemade baby food -Tricks on finding the hidden nutrition in everyday foods Featuring a preface by Dr. Michel Cohen, New York pediatrician and author of The New Basics: A-to-Z Baby & Child Care for the Modern Parent

Save 30% on home construction! Whether you want to take on all the responsibility of contracting your home or simply want to intelligently communicate with your homebuilder, The Complete Guide to Contracting Your Home can help you save 30% or more on the cost of home construction by teaching you the ins and outs of managing your construction project. Learn how to get your project off to a solid start. Get financial and legal details in language you can understand. Learn what to consider when selecting a lot and how to deal with suppliers, labor and subcontractors. Gain understanding of building codes and inspections so you can manage with authority, confidence, and efficiency. This extensive guide walks you through each phase of construction including preconstruction, foundations, framing, roofing, plumbing, electrical, masonry, siding, insulation, drywall, trim, painting, cabinetry, countertops, flooring, tile and landscaping.

Completely revised and updated, this edition includes a new section on sustainable building as well as the most comprehensive building resources section ever compiled. You'll find schedules, order forms, control logs, contracts and checklists to help keep your project on track.

program.

Speaking all over the United States about apologetics issues, Charlie Campbell has heard just about every question skeptics have to offer. In this concise, reader-friendly handbook, he provides brief responses to the top-40 questions that keep people from the faith, such as... What evidence do you have that God exists? How do you know the Bible is actually true? What about those who have never heard of Jesus? Will they be condemned to hell? If God is so loving, why does He allow evil and suffering? How can you say Jesus is the only way to heaven? Don't all religions basically teach the same thing? Aren't a lot of churchgoers hypocrites? With a gracious introductory note to skeptical readers and a generous sprinkling of inspiring quotes throughout, this handy resource is an enjoyable read as well as a powerful evangelistic tool.

Object technology pioneer Wirfs-Brock teams with expert McKean to present a thoroughly updated, modern, and proven method for the design of software. The book is packed with practical design techniques that enable the practitioner to get the job done.
