Some secrets refuse to remain buried...The winged messiahs who rule the district beyond the pearly gates have given humanity a choice: live outside with the threat of being warped by magic, or petition for entry at the cost of their free will. The deal sucks for others, but its fine by Serenity Harker, because outside no one can discover her secret hunger. Outside, Serenity can go on pretending she has control. But one slip is all it takes for her carefully crafted facade to unravel. Exiled to Midnight, the district of moonlight and monsters, her hunger finally has a name. Here Nephilim Protectorate are the only line of defence between humans and dangerous magic. The protectorate males want to help her fit in, but their terrifying, charismatic leader refuses to let her off the leash. Just when it feels like she's banging her head against pectorals of steel, a chance to prove her worth leads to a case that will test the limits of her control. The stakes are raised, and the nightmare begins. It looks like she may have to do the unthinkable. She may have to lose control. Angels, Fallen, nephilim and Arthurian legend are given a fresh twist in this sexy, thrilling urban Fantasy series. Fans of Lost girl and True blood will surely enjoy it.

What he doesn't know could kill him... And possibly everyone around him... After being found unconscious at the scene of a horrific crime scene and waking up handcuffed to a hospital bed with no memory, Samuel is only sure of one thing... There's something strange about the metallic blue dragon jewelry covering nearly his entire left arm beyond his inability to remove it. Where did he get it from? Even his own name he's unsure of. The thing that called him Samuel threw him out of a 15 story window shortly after meeting him. Now he's in a race against time to recover his past as he tries to stay one step ahead of both the police and the thing that's trying to kill him. The fate of the world might depend on what he discovers. Figuring out how he survived being tossed out a window would just be a bonus. For Detective Cora Blanchett, the case her and her partner are currently assigned to has been anything but ordinary. From a man being discovered in an abandoned warehouse, surrounded by bodies, to the same suspect trashing his hospital room before, by all appearances, jumping out the window and disappearing, Detective Blanchett has the feeling the case is only going to get stranger. As bodies continue to pile up in his wake, a mysterious redhead appears to be hunting him as well. All Detective Blanchett can do is keep asking herself two questions. Who is the mysterious redhead that appears to be tracking their suspect? Is she a friend, or enemy? More importantly, is Samuel responsible for the slaughter, or is he possibly the next victim?
