#The Ice People on Apple Books

The Ice People is a 1998 science fiction novel by British writer Maggie Gee, set in a future world dominated by a new ice age. The novel examines different elements of contemporary society: the fundamental roles and relationships of men and women, sexuality, politics and the issue of global warming. Global warming is the initial context, where increases in temperature are then followed by the cyclic appearance of an ice age. The reaction of society and individuals to these dramatic extremes site

It's the middle of the twenty-first century, and the next Ice Age has suddenly sent global warming into reverse. Saul is one of the Ice People, the threatened peoples of the northern hemisphere, who, watching their world freeze over, try to move south towards the equator... 'Excellent ... intelligent, driven, imaginative, obsessive yet still gracious, one of our best ... Exciting stuff.' Fay Weldon 'Ambitious and subtle... She writes elegantly, un sentimentally, expertly... The Ice People works persuasively as science fiction, and is truthful about our emotional lives.' Independent 'Infused with poetic intensity ... this is a gripping fictional realisation of what we fear: the death of civilisation. Maggie Gee achieves her apocalyptic vision without the clank of hardware and intergalactic wars. Her detail is precise and controlled and her beautifully orchestrated whisper of redemption is rooted in eternal myth.' Elizabeth Buchan The Times 'An intriguing novel of ideas, fully fleshed out ... Classy science fiction.' Mail on Sunday 'A remarkable novel... up there with Orwell and Huxley.' Jeremy Paxman 'A gem of a book.' Rose Tremain 'A rattling good page-turning yarn.' George Melly 'A fantastic book' Mariella Frostrup

President Bliss is handling a tricky situation with customary brio, but after months of ceaseless rain the city is sinking under the floods. The rich are safe on high ground, but the poor are getting damper in their packed tower blocks, and the fanatical 'Last Days' sect is recruiting thousands. When at last the sun breaks through the clouds Lottie heads off to the opera, husband Harold listens to jazz and their ditsy teenage daughter Lola fights capitalism by bunking off school. Shirley takes her twin boys to the zoo. The government - eager to detract attention from a foreign war it has waged - announces a spectacular City Gala. But not even TV astrologer Davey Lucas can predict the extraordinary climax that ensues. 'Gripping, original and highly entertaining - Maggie Gee at her superb best.' J G Ballard 'Dazzling ... alternately lyrical and austere ... unbearably touching.' The Observer 'Eloquent, angry and beautiful ... her best book yet.' Hilary Mantel 'The Flood is Gee's most apocalyptic vision to date ... an incredible feat of sustained imaginative continuity.' The Guardian 'A Must-Read Book for 2004.' Daily Mail ' ... an addition to an eccentric but valuable tradition of English fiction ... in which the visionary and the mundane mingle, producing effects by turn comical and grand.' Sunday Times 'Gee's ability to ask big "what if?" questions while never losing sight of the humdrum details of life ... gives her un-brave new world credibility.' The Independent "...exhuberant ... thoroughly enjoyed it.' Sunday Telegraph 'The Flood, for all its passion and intricacy, is also a very funny book ... rewarding ... carefully written, using language echoing the water that ebbs and flows, and eventually floods the pages.' TLS "...a rare writer who is willing to address issues topical to contemporary Britain' Daily Telegraph 'A playful apocalypse.' The Bookseller "... a surprising melange of fantasy, realism, and very dry humour' Big Issue ' ... startling, insidious imagery' Metro 'Gee's admirably dyspeptic and frequently funny novel is a wake-up call to us all' Mail on Sunday 'Acutely drawn characters, and subtle observations about relationships and nature.' Time Out 'A satirist this lyrical, warm-hearted and imaginative is, like a unicorn, a rare and precious beast.' Weekend Australian

Ugandan Mary Tendo worked for many years in the white middle-class Henman household in London, cleaning for Vanessa and looking after her only child, Justin. More than ten years after Mary has left, Justin - now twenty-two - is too depressed to get out of bed. To his mother's surprise, he asks for Mary. When Mary responds to Vanessa's cry for help and returns from Uganda to look after Justin, the balance of power in the house shifts dramatically. Both women's lives change irrevocably as tensions build towards a climax on a snowbound motorway. Beautifully observed, intelligent and moving ... a carefully wrapped surprise that gets better and better with the unravelling.' The Scotsman A moving, funny, engrossing book.' The Observer Gee satirises the liberal conscience of the chattering classes with uncomfortable perception in this hugely enjoyable novel ... her portrayal of Britain's new underclass of immigrant workers is presented with her trademark stinging clarity.' Metro Maggie Gee is a superb and pitiless analyst of middleclass angst. Elegant, humorous and surprising, this is a class performance.' The Times It's amazing how many details, characters, stories within stories, Maggie Gee's unquenchable exuberance crams into this comparatively short book.' The Spectator An intelligent and satisfying read.' The Sunday Times A masterful study in Africa/UK relations which manages to be supremely uncomfortable without being cynical, and clever without being calculating.' Big Issue The Flood was chillingly predictive. My Cleaner is a calmer, happier novel. Yet a gnawing tragedy lies in the shadows, all the more poignant for the deftness with which it's brushed aside.' The Independent

Alfred White, a London park keeper, rules his home with a mixture of ferocity and tenderness that has estranged his three children. But family ties are strong, and when Alfred collapses on duty one day, they rush to be with him. His daughter's partner, Elroy, a black social worker, is brought face to face with Alfred's younger son Dirk, who hates and fears all black people, and the scene is set for violence, forcing Alfred's wife May to choose between justice and kinship. This groundbreaking novel takes on the taboo subject of racial hatred as it looks at love, hatred, sex, comedy and death in an ordinary British family. The White Family points to new directions in British writing. Full of power and passion, as well as some timely warnings, this is one of the year's finest novels, and it deserves the best readership.' Literary Review Intensely touching, full of ironies, situational and verbal, [and] brilliantly connected with contemporary society.' Financial Times The White Family tackles an unspeakable subject with quiet courage. Beautifully written, it tells the complex story of racism from the point of view of the perpetrators. The result is an astonishing examination of the heart of a multi-ethnic suburban community. The Big Issue A transcendent work, spitting open a family to bare the rough edges of prejudice, self-righteousness and petulant self-justification that we all recognise. The words of James Baldwin resonate throughout: "Books taught me that the things that tormented me the most were the things that connected me to everyone who was alive and who had ever been alive." Daily Telegraph 'Gee's book is bold because of her willingness to write about the living, shifting present. An unashamedly contemporary novel - a millennium novel, if you like - that embraces the ideological and emotional chaos of our times. The Independent Skillful structure and tender, precise prose.' The Observer Picking up where Toni Morrison leaves off, Gee reminds us that racism not only devastates the lives of its victims, but also those of its perpetrators. Like Eugene O'Neill, Maggie Gee moves skilfully between compassion and disgust.' TLS Elegant style and an expert ear for dialogue ... courageous, honest, powerfully real and not a little disturbing.' The Times Full of good writing.' The Spectator Maggie Gee is one of our most ambitious and challenging novelists.' The Spectator The White Family is an audacious, groundbreaking conditionof- England novel which tils expertly at a middle class fallacy that racism is something "out there", in the football terraces or the sink estates ... Finely judged and compulsively readable.' The Guardian

How do you become a writer, and why? Maggie Gee's journey starts a long way from the literary world in a small family in post-war Britain. At seventeen, Maggie goes, a lamb to the slaughter, to university. From the 1960s onwards she lives the defining events of her generation: the coming of the Pill and sexual freedom, tremors in the British layer-cake of class and race. In the 1980s, Maggie finally gets published, falls in love, marries and has a daughter -- but for the next three decades and beyond, she survives, and sometimes thrives, by writing. This frank, bold memoir dares to explore the big questions: success and failure, sex, death and parenthood -- our animal life. 'A wise and beautiful book about what it feels like to be alive -- I really loved it' Zadie Smith. Exceptionally interesting and brave ... a wonderful book' Claire Tomalin 'A fine, honest, complex portrait of an artist's mind' Michele Roberts. Independent Every word strikes like a hammer on an anvil, throwing off sizzling sparks' Bidisha. The f word 'Anyone who yearns for that lost post-war Britain would do well to read this vivid, minutely observed memoir ...Gee has a sensuous eye for detail' Sinclair McKay, Telegraph It is a testament to Gee's skill with structure, her lightness of touch and her honesty, particularly about the most painful episodes, that she has fashioned this account of a fundamentally satisfying and happy writer's life into such a page-turner.' Melissa Benn, New Statesman 'Maggie Gee writes with such courage and wit. This is a vivid portrait of a woman finding her way through the maze of class ridden post war England, the 60's, feminism and how to be a mother and a writer.' Diana Melly 'Highly recommended for all aspiring writers' Bernardine Evaristo 'Observant, honest and sensitively-written... 'Michael Holroyd 'Fresh and funny ... with a zest for living that bounces off the page... 'Psychologies 'Sensitive, honest, courageous, stylish' The Times '[Gee's] utterly compelling on the rollercoaster of writing life, from early success to rock-bottom rejection. Often joyous; infinitely wise; passionate and poised, this is a book you'll want to sit in silence with and bug to yourself -- then start again.' Daily Mail

Virginia Woolf, restored to life in contemporary Manhattan, is amazed at modern attitudes to freedom, love, sex, bookselling and literature

Contemporary visions of the future have been shaped by hopes and fears about the effects of human technology and global capitalism on the natural world. In an era of climate change, mass extinction, and oil shortages, such visions have become increasingly catastrophic, even apocalyptic. Exploring the close relationship between science fiction, ecology, and environmentalism, the essays in Green Planets consider how science fiction writers have been working through this crisis. Beginning with H. G. Wells and passing through major twentieth-century writers like Ursula K. Le Guin, Stanislaw Lem, and Thomas Disch to contemporary authors like Margaret Atwood, China Miéville, and Paolo Bacigalupi—as well as recent blockbuster films like Avatar and District 9—the essays in Green Planets consider the important place for science fiction in a culture that now seems to have a very uncertain future. The book includes an extended interview with Kim Stanley Robinson and an annotated list for further exploration of “ecological SF” and related works of fiction, nonfiction, films, television, comics, children’s cartoons, anime, video games, music, and more. Contributors include Christina Alt, Brent Bellamy, Sabine Höhler, Adeline Johns-Putra, Melody Jue, Rob Latham, Andrew Milner, Timothy Morton, Eric C. Otto, Michael Page, Christopher Palmer, Gib Prettyman, Elzette Steenkamp, Imre Szeman.

The first female Chair of the Royal Society of Literature and translated into thirteen languages, Maggie Gee is writing the Victorian condition-of-England novel for 21st-century Britain. In the first critical study of Gee's work, Mine Özyurt Kiliç identifies the specific social problems her novels address and explains the social consciousness similarities Gee shares with the Victorians. Analyzing how Gee adjusts the condition-of-England novel to reflect contemporary Britain enables Özyurt Kiliç to reveal the accuracy of Gee's rich portraits of Britain. She focuses on Gee's ability to cut across the boundaries of race, class and gender, mix voices from the margin with the majority and challenge and change the idea of the mainstream. As an active, self-conscious and critical participant in the literary world, Gee paints a panoramic view of society. Her critiques of class, race and the world of publishing, allow Özyurt Kiliç to cover a wide range of topics and detail how English fiction shapes and influences, and is shaped and influenced by, the contemporary literary market.

Is the utopian project dead? Is it possible to imagine a utopian society or a utopian world in the aftermath of the collapse of ideologies? This book contains eighteen essays which are the result of the 7th International Conference of Utopian Studies held in Spain in 2006, either debating the subject, or suggesting alternative readings to some of the theoretical ideas raised within utopian studies. This volume focuses on the importance of narratives in utopian literature. They define the world we live in and the world we wish to live in. Through narratives of confession, and indeed through silence itself, the unconscious emerges and desire is articulated. The articles in this volume question and challenge the power of the word, the stability of meaning, and the relationship between thought and action in the construction of utopia and dystopia. They also point to the various literary frameworks of utopian and dystopian narratives, thus connecting stories from the past, present and future of both real and imaginary and communities.
