Named by Timemagazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially among young European and American Muslims. In his first book written for a wide audience, he offers a biography of the Prophet Muhammad, highlighting the spiritual and ethical teachings of one of the most influential figures in human history. Capturing a life that was often eventful, gripping, and highly charged, Ramadan provides both an intimate portrait of a man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. Underscoring the historical importance and meaning of Muhammad, The Messenger addresses the significance of the Prophet for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war, racism, and relations with other religions.

presents the main events of the Prophet's life in a way that highlights his spiritual and ethical teachings. The book underscores the significance of the Prophet's example for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war, racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet's life remain -- or become again -- an example, a model, and an inspiration? And how can Muslims move from formalism -- a fixation on ritual -- toward a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers Muslims a new understanding of Muhammad's life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam.

After ten years of being a Medium helping others, White Arrow asked her to send seven symbols he had given her, to the American Indians in Montana. Over one hundred and fifty drawings that have been translated by experts gave proof that her guide had been here before as Jesus Christ. White Arrow has come with friends from other Galaxies to help him on his mission to save the dying Earth - to stop men destroying the very thing that we need to survive: The Rainforests of the Earth. In this series of sermons, first delivered over radio and television in Germany during the 1960s, Helmut Thielicke wrote about the true meaning of Christian festivals such as Good Friday, Easter and Pentecost. He saw deeply into the mystery, despair, and confusion of life in his time and spoke a truly prophetic word to Christians that still resonates today. As Thielicke meditates on Christmas, the

reader will understand anew how light shines in the darkness of this world. As he preaches about Christ's suffering on the cross, humanity's suffering is given meaning; and, in talking of death, he gives us encouragement to live in hope. Christ and the Meaning of Life explores subjects as far apart from each other - and as close together - as rehabilitation and retribution, beauty and terror, and love and brutality. Here Thieliicke faces the fearsome questions that plague humanity and brings the Christian Gospel to bear on each of them with a clarity and persuasiveness that echoes in these troubled times.
