“ A single source for what you need to know to put your financial house in order, an impressive piece of work, and very useful. ” —Bob Clark, Editor-in-Chief, Dow Jones Investment Advisor Ric Edelman, America ' s most successful financial advisor, has revised and updated his classic personal finance bestseller to reflect the new global economic outlook. In his 4th edition of The Truth About Money, Edelman tells you everything you need to know about money—an essential, yet delightfully breezy and accessible, must-read manual for anyone who may have previously sought the financial wisdom of Suze Orman and Jean Chatzky. The Truth About Money is an indispensable guide to money matters from the man whom Barrons named the #1 independent financial advisor in the country.

Explaining difficult concepts in plain English with a breezy style, this third edition has new material covering new tax laws, retirement savings strategies, a chapter on identity theft, and question-and-answer sidebars.

The instant New York Times bestseller from legendary investment guru Ric Edelman, who presents a prescient personal finance guide on how technology and science will reshape the way we save, invest, and plan for the future. In *The Truth About Your Future*, award-winning financial advisor Ric Edelman reveals how technology and science are evolving at a blistering, almost incomprehensible pace—with profound implications for your personal finances. Ric radically upends traditional financial planning, showing that you need not just one financial plan, but three—one for now, one for later and one for much later. He explains: Why you're likely to live much longer—and the impact on your financial future; how you must alter your plans to shift from the familiar linear lifeline (school-job-retirement-death) to the new cyclical lifeline; the importance of Career Planning—even if you're in your fifties or sixties; how to invest in tech companies and how to generate income from your investments; why nursing homes are becoming obsolete—and with them, long-term care insurance policies, and what this means for you; how to protect your digital assets; and how you'll spend your time—and money—in retirement, and why the future will be the happiest time of your life. The traditional paradigms of how we live, learn, and invest are shifting under our feet. Fortunately, Ric Edelman has seen the future, and in *The Truth About Your Future* he illustrates how smart investors can adapt and thrive in today's changing marketplace. Newcomers and loyal Edelman followers alike will find value in his proven advice and trademark humor. This is a must-have guide for anyone serious about successfully adapting to the ever-evolving financial landscape.

Home Sweet Home: How to buy your first home, your next home and save on taxes when you sell. A-Z of Investments: From annuities to zero-coupon bonds, go from owing money to OWNING money. Get out of debt (and stay that way). Estate Planning & Long-Term Care: Learn how to protect yourself and your family.

From one of America's most trusted financial advisors: a guide to making the most of your retirement plans and assuring long-term financial security. Everyone knows that investing in your retirement is important. Yet only half of all eligible Americans contribute to a retirement plan. That's because 401(k)s, 403(b)s, 457s, and IRA plans are complicated, confusing, and costly. New York Times bestselling author and acclaimed financial advisor Ric Edelman has counseled thousands of savers and retirees, and has accumulated his advice in this book. Edelman has created a step-by-step guide. With illuminating examples and simple explanations, he shares everything you need to know as a plan participant: how much you need to retire comfortably, how to make wise choices among your investment options, and how to maximize the benefits of your 401(k). Along the way, he debunks the myths and clears up the confusion.

From acclaimed and award-winning financial adviser Ric Edelman comes a modern-day fable in the spirit of *The Ant and the Grasshopper* that teaches kids—and their parents—the value of spending money, saving for the future, and giving to charity. Financial habits form early. Children learn by observing a parent's behavior and through their own experiences. That's why it's important to make sure your children are treating money the right way. From allowances and birthday money to cash they'll one day earn babysitting or mowing lawns, *The Squirrel Manifesto* provides a platform to set your children on the path to a lifetime of fiscal responsibility. Just as a squirrel gathers nuts to prepare for the winter—eating some now and storing some for later—kids can learn the value of money by spending some of their allowance now and saving the rest for later using animals as examples.

After using Ric's work sheets to help you get started, you'll embark on a detailed exploration of personal investing and discover Ric's formula for creating a plan to achieve your goals, build your financial future ... and finance your dream.

How did a secretary, a firefighter, a retired naval officer, a housewife, a construction worker, a schoolteacher, and a pharmacist become wealthy? Bestselling author Ric Edelman has studied the wealth-making habits of these and 5,000 other ordinary Americans. What he found is revealed for the first time in this book: the eight great secrets to attaining wealth. This extraordinary book is filled with the advice of everyday people—people like your own friends and neighbors—who entered the world of personal finance, often with no real plan at the start, but who found ways to accumulate astonishing amounts of money. A rich, irreplaceable lifetime of wealthbuilding experience is now at your fingertips. Here you will learn to arrange your finances and make your investment decisions so you can reach your goals and achieve financial security. Including: How to turn your mortgage into a wealth-enhancing tool; Why small investments work better than big ones; How to max out on your employer-sponsored retirement plan; Your investments: when to hold them and when to fold them; Financial news: when to pay attention and when to turn it off; Plus, of course, much, much more. Let your neighbors lend you a hand and let Ric Edelman guide you through their lessons. So come along for an eye-opening journey with thousands of ordinary folks who found their way to extraordinary wealth. Five thousand of your neighbors found hard-won financial success using the same eight secrets to attaining wealth. The lessons they learned through many years of life experience, and lots of trial and error, can now be yours! After studying the habits of thousands of financially successful people, bestselling author Ric Edelman found that they shared eight fundamental methods for attaining wealth. Now you can adopt these same eight strategies yourself. Let the extraordinary experience of ordinary investors—along with Ric Edelman's expert analysis—help you create your own financial success story.
