Reveals the complex friendship between the two literary figures, noting their shared academic experiences at Oxford University, Lewis's influence on Tolkien's completion of The Lord of the Rings, and the differences in their temperaments and spiritual beliefs. Original.

In this humorous and perceptive exchange between two devils, C. S. Lewis delves into moral questions about good vs. evil, temptation, repentance, and grace. Through this wonderful tale, the reader emerges with a better understanding of what it means to live a faithful life.

C. S. Lewis is the twentieth century's most widely read Christian writer and J.R.R. Tolkien its most beloved mythmaker. For three decades, they and their closest associates formed a literary club known as the Inklings, which met weekly in Lewis's Oxford rooms and a nearby pub. They read aloud from works in progress, argued about anything that caught their fancy, and gave one another invaluable companionship, inspiration, and criticism. In The Fellowship, Philip Zaleski and Carol Zaleski offer the first complete rendering of the Inklings' lives and works. Lewis maps the medieval mind, accepts Christ while riding in the sidecar of his brother's motorcycle, becomes a world-famous evangelist and moral satirist, and creates new forms of religiously attuned fiction while wrestling with personal crises. Tolkien transmutes an invented mythology into a breathtaking story in The Lord of the Rings while conducting groundbreaking Old English scholarship and elucidating the Catholic teachings at the heart of his vision. This extraordinary group biography also focuses on Charles Williams, strange acolyte of Romantic love, and Owen Barfield, an esoteric philosopher who became, for a time, Saul Bellow's guru. Romantics who scorned rebellion, fantasists who prized sanity, Christians with cosmic reach, the Inklings sought to revitalize literature and faith in the twentieth century's darkest years--and did so.

C. S. Lewis is the 20th century's most widely read Christian writer and J.R.R. Tolkien its most beloved mythmaker. For three decades, they and their closest associates formed a literary club known as the Inklings, which met every week in Lewis's Oxford rooms and in nearby pubs. They discussed literature, religion, and ideas; read aloud from works in progress; took philosophical rambles in woods and fields; gave one another companionship and criticism; and, in the process, rewrote the cultural history of modern times. In The Fellowship, Philip and Carol Zaleski offer the first complete rendering of the Inklings' lives and works. The result is an extraordinary account of the ideas, affections and vexations that drove the group's most significant members. C. S. Lewis accepts Jesus Christ while riding in the sidecar of his brother's motorcycle, maps the medieval and Renaissance mind, becomes a world-famous evangelist and moral satirist, and creates new forms of religiously attuned fiction while wrestling with personal crises. J.R.R. Tolkien transmutes an invented mythology into gripping story in The Lord of the Rings, while conducting groundbreaking Old English scholarship and elucidating, for family and friends, the Catholic teachings at the heart of his vision. Owen Barfield, a philosopher for whom language is the key to all mysteries, becomes Lewis's favorite sparring partner, and, for a time, Saul Bellow's chosen guru. And Charles Williams, poet, author of "supernatural shockers," and strange acolyte of romantic love, turns his everyday life into a mystical pageant. Romantics who scorned rebellion, fantasists who prized reality, wartime writers who believed in hope, Christians with cosmic reach, the Inklings sought to revitalize literature and faith in the twentieth century's darkest years--and did so in dazzling style.

Oxford's fabled streets echo with the names of such key figures in English history as Edmund Halley, John Wycliffe, and John and Charles Wesley. Of more recent times are those of C. S. Lewis, J. R. R. Tolkien, and the other members of the renowned literary circle to which they belonged, the Inklings. What would it be like to walk this medieval city's narrow lanes in the company of such giants of Christian literature, to visit Magdalen College, where Lewis and Tolkien read aloud their works-in-progress to their friends, or the Eagle and Child pub, the Inklings' favorite gathering place? The lavish photography of this book will introduce you to the fascinating world of the Inklings, matching their words to the places where these friends discussed--and argued over--theology, philosophy, ancient Norse myth, and Old Icelandic, while writing stories that were to become classics of the faith. The Inklings of Oxford will deepen your knowledge of and appreciation for this unique set of personalities. The book also features a helpful map section for taking walking tours of Oxford University and its environs.

C.S. Lewis, J.R.R. Tolkien and the other members of the Inklings met each week to read and discuss each other's work-in-progress, offering both encouragement and blistering critique. How did these conversations shape the books they were writing? How does creative collaboration enhance individual talent? And what can we learn from their example? Beautifully illustrated by James A. Owen, 'Bandersnatch' offers an inside look at the Inklings of Oxford - and a seat at their table at The Eagle and Child pub.

This investigation focuses on C.S. Lewis's and J.R.R. Tolkien's contrasting views of art and imagination, which are key to understanding and interpreting their fantasy works, providing insight into their goals, themes, and techniques, as well as an appreciation of the value and impact of their mythologies.

The untold story of how the First World War shaped the lives, faith, and writings of J. R. R. Tolkien and C. S. Lewis The First World War laid waste to a continent and permanently altered the political and religious landscape of the West. For a generation of men and women, it brought the end of innocence--and the end of faith. Yet for J. R. R. Tolkien and C. S. Lewis, the Great War deepened their spiritual quest. Both men served as soldiers on the Western Front, survived the trenches, and used the experience of that conflict to ignite their Christian imagination. Had there been no Great War, there would have been noHobbit, no Lord of the Rings, no Narnia, and perhaps no conversion to Christianity by C. S. Lewis. Unlike a generation of young writers who lost faith in the God of the Bible, Tolkien and Lewis produced epic stories infused with the themes of guilt and grace, sorrow and consolation. Giving an unabashedly Christian vision of hope in a world tortured by doubt and disillusionment, the two writers created works that changed the course of literature and shaped the faith of millions. This is the first book to explore their work in light of the spiritual crisis sparked by the conflict.

The untold story of how the First World War shaped the lives, faith, and writings of J. R. R. Tolkien and C. S. Lewis--now in paperback. The First World War laid waste to a continent and permanently altered the political and religious landscape of the West. For a generation of men and women, it brought the end of innocence--and the end of faith. Yet for J. R. R. Tolkien and C. S. Lewis, the Great War deepened their spiritual quest. Both men served as soldiers on the Western Front, survived the trenches, and used the experience of that conflict to ignite their Christian imagination. Had there been no Great War, there would have been noHobbit, no Lord of the Rings, no Narnia, and perhaps no conversion to Christianity by C. S. Lewis. Unlike a generation of young writers who lost faith in the God of the Bible, Tolkien and Lewis produced epic stories infused with the themes of guilt and grace, sorrow and consolation. Giving an unabashedly Christian vision of hope in a world tortured by doubt and disillusionment, the two writers created works that changed the course of literature and shaped the faith of millions. This is the first book to explore their work in light of the spiritual crisis sparked by the conflict.

History Bites was specifically written for young children. It includes thirty topics from U.S. history that I think all children should know. To enhancecomprehension, it also includes a glossary of definitions along with review questions for each section. Parents, this book serves as a great read-aloud, but can also be enjoyed by independent readers in the earlier grades. Each section is short enough to read as a bedtime story to help introduce children to foundational United Stateshistory. I really hope you like it - Solomon
