"ViewSonic is an ... Traditionally, when a projector is moved, it needs to be refocused by either a press on the remote control to trigger auto focus, or manual adjustments on the focus ring.

Nephrology is a branch of medicine. It studies the functioning of kidneys and their diseases. Some common kidney diseases are kidney stones, acute renal failure and chronic kidney disease. Kidney stones are the solid pieces of material in the urinary tract. They can cause blockage of the ureter which may result in severe pain in the back and abdomen. Acute renal failure is associated with sudden kidney failure or kidney damage that develops within a few hours or a few days. Chronic kidney disease is an illness in which the loss of kidney functioning occurs gradually over a few months or years. This book traces the progress of the field of nephrology and highlights some of its key aspects. It aims to shed light on some of the unexplored aspects and the recent researches in this field. For all those who are interested in nephrology, this book can prove to be an essential guide.

By using social-psychological literature and sociological theory to examine infancy through later adulthood, this text challenges students to probe the larger social context when viewing the complexities of human development. Long and Holle examine and emphasize the importance of organizations, communities, society, and global influences in assessing human behavior in the

social environment. To facilitate the integration of theory and content, the authors use different theoretical orientations to organize the chapters. These are followed by an analysis of developmental issues, a case example, a section in which macro-level influences are highlighted, a reintegration of theory section, and suggested activities.

From simple to simply fabulous! More patterns! Square Yoke, Round Yoke and Bottoms More Techniques! Whimsy Stick Flowers and Unique Trims More possibilities! All created by you!
